WORK EXPERIENCE

Software Engineer
Flarewave AI Private Limited

04/2025 - Present   *Remote*
Full Time

- Experienced Software Engineer at Flarewave AI, specializing in the development of AI-powered web applications. Skilled in full-stack development with a strong command of front-end technologies like HTML, CSS, JavaScript, and React.js, along with backend integration, API handling, and CMS platforms such as WordPress and Shopify. Proven ability to collaborate across cross-functional teams to design, build, and deploy scalable, responsive, and performance-optimized features. Adept at integrating AI functionalities into user-centric interfaces, maintaining clean version control using Git, and contributing effectively within Agile development environments.

Web Developer
Ocularity Analytics Private Limited

06/2024 - 04/2025   *Gurugram, Haryana*
Full Time

- Seasoned Web Developer with extensive experience in designing and developing e-commerce solutions using Shopify and WordPress. Adept at creating and customizing e-commerce platforms to meet client needs, ensuring seamless user experiences and optimized performance.

- Experienced in leveraging GCP and Docker to develop scalable, user-friendly web solutions. Skilled in optimizing deployment settings and configurations for improved performance. Committed to delivering innovative solutions that meet evolving business needs.
